Description: The Homeland Security Leadership Academy (HSLA) is the result of a shared vision of the FLETC and the National Sheriff's Association (NSA), to establish a professional development venue for state, local and tribal law enforcement leaders to explore contemporary issues impacting homeland security and law enforcement operations and better prepare state and local law enforcement leaders (present and future), for complex, inter jurisdictional active shooter/mass casualty events, as well as other homeland security related challenges facing law enforcement leadership. Designed for command staff and other state, local, and tribal law enforcement leadership. The 8-hour follow-up training session at NSA's Annual conference, plus the two-week program at FLETC, results in a Homeland Security Certification issued by NSA.

*Advanced Roadside Impaired Driving Enforcement (ARIDE) Program – (FREE 2 Day Sign-up Event, Must sign up in advance, see registration form)*

Description: ARIDE is intended to bridge the gap between the Standardized Field Sobriety Testing (SFST) and the Drug Evaluation and Classification (DEC/DRE) programs by providing officers with general knowledge related to drug impairment and by promoting the use of DREs in states that have the DEC program. The ARIDE program stresses the importance of the signs and symptoms of the seven drug categories. This course will train law enforcement officers to observe, identify, and articulate the signs of impairment related to drugs, alcohol, or a combination of both, in order to reduce the number of impaired driving incidents as well as crashes which result in serious injuries and fatalities. This course will educate other criminal justice professionals (prosecutors, toxicologists, judges, etc.) to understand the signs of impairment related to drugs, alcohol, or a combination of both, to enable them to effectively work with law enforcement in order to reduce the number of impaired driving incidents as well as crashes which result in serious injuries and fatalities. All participants must be SFST proficient, must pass SFST proficiency demonstration at time of entry into class, and complete the ARIDE registration form.
